

Changes at Gedvelop – the glass flow meter company

Dear Customer

Since summer of 2014, Gedvelop is a part of Pentronic AB.

Pentronic AB is northern Europe's leading manufacturer of industrial temperature sensors and systems. For more information about us, please visit our website www.pentronic.se.

Organizational change:

Per Johansson, currently R&D manager and service technician GFM has decided to leave the company.

Jan-Erik Johansson, R&D electronics engineer at Pentronic for several years, will take over Per J's tasks and responsibilities.

As a consequence of Per J leaving the company, our Helsingborg office will be closed and transferred to Pentronic HQ in Västervik Sweden. Changes will take place under September month.

Please note that for goods being sent will you should from now on use the following address:

**Pentronic AB
Bergsliden 1
SE 593 96 Västervik, Sweden**

We kindly ask you to update your supplier database accordingly!
